

We're Committed to a Greener Future

We are excited to announce that for every person who purchases an Entertainment® Book and registers a membership on the Entertainment® Coupon App, a tree will be planted.

These steps move us forward in our journey to do our part in preserving our planet, while we continue to offer the best savings around town and across the U.S. and Canada.

1,329 TREES PLANTED 

Now Being an Entertainment® Member and Using Our App Contributes to the Greater Good of our Planet for You

Did you know that when you purchase an Entertainment® Book you also get immediate access to even more savings on our app? It's part of your membership — make sure you're getting the full value of all the great deals available to you!

Our first step in making a positive impact on our environment has been to decrease our paper usage, while motivating our Members to turn to our app to find even more offers and a convenient way to redeem them. In fact, most of our Book is printed on recycled paper.

To move forward along this path, we are now planting a tree for every person who purchases an Entertainment® Book, downloads the Entertainment® Coupon App and activates a membership!

One tree per person might seem like a small step, but many trees become a forest!

Check back for updates about where trees will be planted and our progress!
